

# September Beautification Awards

The Oakwood Beautification Award Program is designed to recognize residential, business and rental property owners who have enhanced the beauty of our community through the use of flowers, shrubs, trees, and other landscape improve-

ments; or by making architectural modifications or building improvements to existing structures. Awards are given during the months of May, June, July, August and September. Monthly award winners will be selected by members of the Oakwood Environmental

Committee and Property Maintenance Board, and will have a sign placed in their yard to recognize their beautification efforts.

Congratulations to the owners of the following residential and business properties which were selected:
