Whalen Sports Library dedicated at UD

With son James, Jr., widow Jeanne, family, friends and UD officials looking on, Tami Whalen cuts the ribbon at the newly-dedicated *James "Rocky" Whalen Sports Library* at the Tom Frericks Center at the University of Dayton. The sports library contains the collected sports memorabilia of late Oakwood icon James "Rocky" Whalen, Sr., who was an avid sports collector, author and recognized authority on sports history. In addition to collecting almost every Ohio State University football playbook in existence, he was the author of *The Blue and Gold Gridiron*, which chronicled 75 years of Oakwood High School football, from 1923 to 1997. In addition to serving as a repository of sports memorabilia, the library will be used as a classroom, conference room and meeting space.
